Experience **Arco Murray Design-Build (Chicago, Illinois)**
Architect, 2018-current

- Built an internal architecture and design firm within Arco Murray from the ground up.
- Markets supported: Multi-family, entertainment, mission critical, commercial interiors, self-storage, indoor agriculture and industrial.
- Collaborated with Arco Murray business leaders across all offices in the US to curate design strategies maximizing their job win rate and cost efficiencies
- Averaged +50% revenue growth each year and doubled head count (forecasting similar growth in 2022)
- Trained internal project teams to minimize risks associated with architectural items.

Kathryn Quinn Architects (Chicago, Illinois)

Project designer, 2010 - 2011

Worked with Crate and Barrel's in-house design and construction team to deliver various retail spaces within the time frame needed for a specific opening date. as part of the team at kathryn quinn architects assigned to crate and barrel, we also improved protocols for coordinating between the consultants and provided clash detection to identify and resolve conflicts before construction. projects ranged from a new two story building to an interior/exterior renovation of a 19th century brick building. crate and barrel projects include:

- Crate and Barrel, salt lake city, utah | 28,100 square-foot
- CB2, vancouver, british columbia | 11,400 square-foot
- CB2, toronto, ontario | 20,100 square-foot
- CB2, washington, district of columbia | 12,286 square-foot)

Role: Project architect for design phase and construction phase
